

PART III - Social perception of the industry

ID	How would you assess the general recognition and respect for collectors of secondary raw materials in society?	How do you rate your involvement in society?	Have you or any other collectors of secondary raw materials you know faced discrimination or prejudice because of your work?	Do you agree that society values the work of collectors of secondary raw materials?	How important do you think it is for society to recognize and appreciate the work of collectors of secondary raw materials?
